Lions Announce Christmas and Sports Program

Baskets and Other Yule Gifts Are Planned, Directors State

Action by the board of directors of the Antioch Lions club Monday night assured the staging of Antioch Winter sports program, Yuletide program of music over a loud speaker system in the town's business section, and relief of needy families by supplying Christmas baskets of food and other gifts at Christmas time.

The sports program including the festival, if held, will follow along the same lines as those of last year at Lake Antioch, according to the recommendation of William Brook who was appointed committee chairman by the club. The committee will have the assistance of other persons who are not members of the club but who are interested in the promotion of winter sports.

Will Assist Needy

Relief needs at Christmas time this year will be lighter than at any time since the organization of the Lions club here five years ago, according to the report of the committee appointed to investigate the needs of the community by contacting Supervisor Barney Naber, the schools and other civic organizations. Due to increased employment the number of persons needing assistance has shown a marked decrease, over former years, committee members stated, and most of those requiring assistance are found among the elderly persons of the community and in families where there has been illness.

Yule Music

Ten days before Christmas Tronson and Runyard will install their public address system in the Antioch business section and each afternoon and evening at 20 or 30 minute intervals Yuletide music and Christmas carols will be heard throughout the town, as has been the custom for the past several years. The music will be the gift of the Lions club to the village.

Official Antioch also is doing its part toward bringing the Christmas spirit to the community. Today the vari-colored lights are being strung across Main and Lake streets and will be lighted for the first time tonight. All recommendations of the Lions board of directors will be brought before the entire membership at the meeting to be held Monday night.

Village Assumes Its Holiday Attire Today

Downtown Antioch today assumed its holiday attire, as decorative street lights were put up in the business section and merchants busied themselves devising window displays that would rival, if not eclipse, those of former years.

As in the past, many of the stores have not confined their window displays to merchandise and conventional holiday trimmings.

Scenes appropriate to Christmas and wintertime are shown. Merchandise displays are arranged in artistic settings, and considerable effort has gone into making attractive holiday show windows.

Mr. Woodman's address was very interesting and was followed by questions for about three-quarters of an hour. The next regular meeting of the Lake Villa club will be held again at Johnson's Deep Lake resort on Tuesday night, Dec. 16, and on this night the Lions will entertain the ladies.

Athletics In the U. S. Navy Stresses Good Sportsmanship

Antioch High School Coach Says Nearly Every Sport Is Played

(By John L. Horan, Navy Editor)

You wouldn't think that Uncle Sam's men who go down to the sea in ships would have much time for sports—but they do. The Navy considers athletics to be an integral part of a well-balanced Naval life. C. A. Wolfenbarger, director of physical education of Antioch Township High school, explains how the Navy teaches teamwork, individual resourcefulness and good sportsmanship.

"Nearly every popular American sport is played in the Navy," says Mr. Wolfenbarger. "There are football, baseball and basketball teams. Boxing, wrestling, track and field and swimming meets are enjoyed. Every ship and station has an officer in charge of athletics. He, in turn, has several assistants. All work together in producing winning teams, building competitive spirit between ships and fleets."

To play on Navy teams, a man must be physically fit for every contest. Boxers and wrestlers are examined carefully before every match to make certain they are "in the pink."

Each ship has its own baseball and football teams and when ship comes into a Naval base series of games are arranged with the teams of other rival units. Spirit runs high and rivalry is keen. During baseball season, when the ships are at anchor at sea, the sailors rig up large nets on decks and stage batting practice just as easily as if they were on a baseball field. Some bluejackets even take their golf clubs along and practice driving into the nets.

"Healthy athletic competition puts a never-say-die spirit into the men," adds Coach Wolfenbarger. "It tends to develop efficient units, just as it welds unity in high schools and colleges. It develops an esprit de corps that is remarkable."

Mr. Wolfenbarger recently ran across an excerpt from the Battle Fleet Athletic Rules reprinted in the U. S. Navy Blazer jacket's Manual. "It could well serve as a guide for our own school and town," he said. It reads as follows: "The commander in chief desires to urge upon all that athletic competition unless it is characterized by clean sportsmanship, free from any taint or suspicion of sharp practice, and free from an unfriendliness, is not the spirit of true Americanism, which is to play fair and give a square deal. Winning or losing, the main thing is to show yourselves good and clean sportsmen—modest winners if the breaks are with you and good losers if the breaks are against you."

Mr. Horan, Navy editor for the Antioch News, would like to talk over the opportunities offered by the navy to the young men of Antioch community, especially those who will leave high school next spring; also that group of selectees that in the near future will be inducted into the service should get details on the navy enlistment now. Telephone Antioch 43 or 140-J and leave your name, so information can be sent to you. No obligation on your part.

"Progress, Knowledge Democracy's Guards" Speaker Tells Club

The feeling that she had earned a rest after the World War, and the determination to take it, nearly spelled the doom of England, William Hughes observed in a talk given before the Antioch Woman's club at its meeting Monday afternoon in the home of Mrs. M. M. Stillson.

Where the United States, alert and restless, took up its progress and continued onward after the war, England seemed to endeavor to turn back to the pre-war days, he said.

Hughes, a native of Wales who recently revisited the British Isles, urged his listeners to be equally alert against the propaganda of fascism, Nazism and communism.

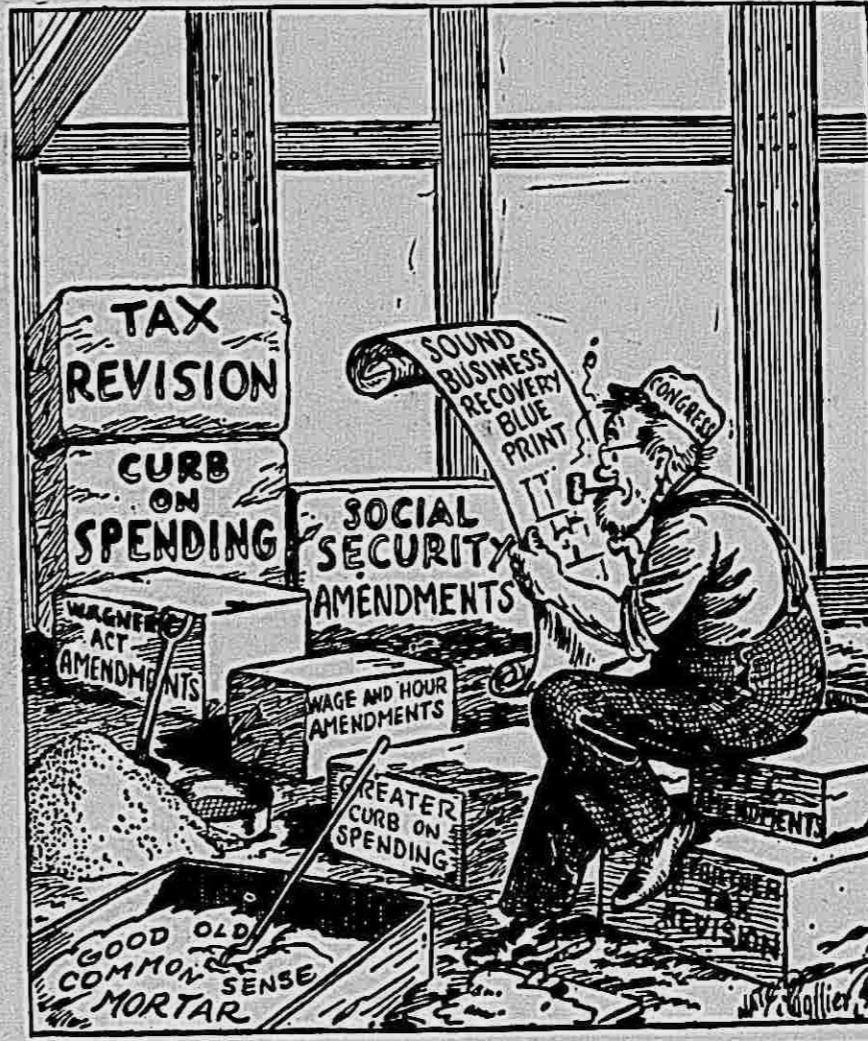

Those who are least informed are usually those most impressed by propaganda, from whatever source it may come, he commented.

"Study the purposes and principles of your form of government . . . and don't be content to permit the politicians to interpret it for you," Hughes urged.

Assisting Mrs. Stillson on the hostess committee were Mmes. W. C. Petty, Arthur Laursen and Joseph Horton.

Favorable reports were received today from Mrs. Louis Horton who underwent an appendectomy in Burlington hospital Tuesday evening.

PLenty More To Do

With the organization of the Lions Scout group there will be two active troops in Antioch, the first organized being that of St. Peter's Catholic Scout troop sponsored by the Holy Name society, which has been organized and functioning for many years.

Patrons Like New Library Quarters

Librarians and patrons alike are well pleased with the new quarters of the township library at 883 Main street, according to reports heard this week.

Now located for the first time where a window display is possible, added interest will be stimulated through window decorations and displays. The first of these will be a Christmas display, according to the librarians, which will be completed within the next few days.

New shelving, a reading and reference room are to be added improvements, and there will still be plenty of room in which to house the 6,000 volumes included in the library.

Receive Memorial Volumes

Two volumes donated in memory of the late Walter G. French, who was trustee and secretary of the library board, will be received this week. The volumes are: "Smoky," by Will James, the gift of Mr. and Mrs. B. R. Burke; and "Inside Latin America," by John Gunther, donated by Mrs. A. P. Bratrude.

Besides Miss Mary Stanley, who has been librarian since the library was established several years ago, there are two other employees. They are Misses Mary Lu Williams and Dorothy Jacobsen. Miss Williams conducts the story hour for children on Saturday afternoons at 1:30 o'clock.

The annual Christmas party for the veterans at North Chicago, Downey, will be given on December 18, at 7:30 in the evening. Each Legion post in the district has been asked to furnish at least two acts of entertainment, singing, dancing, etc. Those interested should notify Lester C. Heath, junior vice commander, and the names of the persons that wish to appear should list their act at once so the hospital chairman can arrange his program.

The officers and some members of Antioch post have been approached by some of the Antioch merchants with the question—"Why does not the Legion take an active part in promoting the Christmas spirit in Antioch's business section?" Well, why should they? In fact, why should they be the first to take any part? The Legion members are more than pleased at any time to do their part in the community.

But with other civic organizations in the community having as membership most of the business places represented, isn't it only fair that the program should be headed by the civic bodies of business men? Of course, we have to admit that leadership from a volunteer standpoint in Antioch is getting somewhat lax.

Legion members at their present age today are holding most of the major jobs in the country, therefore the Legion should have a very good knowledge of what is required in any community and then to think back on what the progress in the war games meant, the answer is very simple. Stick together, boys, and confer with each other. They cannot beat us in a large group if we know our program.

Mrs. O. E. Hachmeister, Mrs. C. E. Hennings and Mrs. Robert Wilton attended installation of O. E. S. officers at North Chicago and Highland Park Wednesday evening.

Mrs. C. E. Hennings, Mrs. O. E. Hachmeister, Mrs. Alice Freeman and Mrs. H. B. Gaston attended installation ceremonies at Millburn chapter Tuesday night.

Dr. Warriner Dies Following Brief Illness

Was Beloved Physician for Nearly 40 Years in Antioch Area

Dr. Winsor W. Warriner, who started his practice in the lakes region in days when doctors kept riding and driving horses and continued to serve down through the automobile age, died Sunday morning after a three weeks' illness. He was 68 years of age.

Was Northwestern Graduate. He was born on Long Island, N. Y., March 24, 1873, and received his medical degree from Northwestern Medical college in 1903.

In 1913 he was united in marriage with Miss Edna McVey of Camp Lake, Wis., who survives him.

Dr. Winsor W. Warriner

When Doctor Warriner passed away on Sunday morning to a world in which there would be no night calls, no weary vigils to save a life, and no hurried summons, he left behind a legacy to the lakes region.

Dr. Winsor W. Warriner leaves behind him the memory of a "country doctor" of the finer type—who was not only a physician, but a friend and a real person. To the many whom he helped to heal or whose suffering he alleviated he left a memory that might truly be called blessed.

No profession performs a greater service for the American people than medicine. Upon the doctor falls the great task of keeping us physically and mentally healthy. And the typical doctor does that job without regard to his own comfort, his own pleasure or his own pleasure.

To become a doctor takes ten years of rigorous education. And after graduation many more years must go by before the young medico can hope to develop a sizable practice. Yet the financial rewards that come to the doctor are extremely moderate in the light of the long and costly training he must undergo.

Medicine, in short, is no road to riches, and all doctors know it. Doctors of great reputation, with very large practices, are often modest earners—because so much of their work is done without pay. The poor man who can pay little or nothing gets the same attention.

Black Page

In a recent talk, Secretary of the Treasury Morgenthau said: "It would be folly to assume that we can continue to spend now as we did in normal times."

Congress, unhappily, has indulged in the limit in that folly. It continues to appropriate billions for defense without making a single important cut in useless, non-defense spending. It continues to waste. It continues to play politics.

We have all been told that we must tighten our belts. What is true of individuals, is true a million times over of the government. The maintenance now of non-defense government spending at depression peaks is one of the black pages in American history.

Official "Boondoggling"

The alphabet has been drawn upon in the search for names for the new agencies until there are no more letters and few combinations left to bestow upon them as they spring into existence to further clutter up the machinery of government.

The average business man's morning mail brings stacks of useless documents from public departments and boards which on their face must have wasted vast sums in their preparation and distribution. If a considerable portion of the great army of clerks, investigators and statisticians grinding out this mass of propaganda and, oftentimes, misinformation, with which the mails are being flooded did nothing else it would not be idle. But to what purpose is this appalling waste of effort and white paper? One answer might be that its primary objective is to convince a weary public that the top-heavy Government payroll is necessary and the huge expense justifiable.

THE CHURCH**

LESSON TEXT—Acts 2:41-47; Ephesians 4:11-16.
GOLDEN TEXT—Christ also loved the church, and gave himself for it.—Ephesians 5:25.

The church, which is so much the center of life for Christians, is not as well understood as it should be. We have come to regard it as just one organization among many competing for the attention and interest of men, when it is really a divine, living organism established by Christ as His Body and representing Him in this world. Our lesson presents significant truth for both study and teaching. The church is

I. A Fellowship of Believers (Acts 2:41-47).

The church is made up of those who are saved (v. 47), those who have received the Word by faith and witnessed a good confession of their faith in Christ (v. 41). This is a fact to be remembered in a time when there is so much laxness in receiving members into the church. It is not a religious or social club. It is not a rallying place for those who wish to work for some economic, political, or social project. It is not a gathering of good people who wish to share common interests.

The church needs to cleanse its rolls of all unbelievers, all hangers-on, and get back to the purity which it had when only those were received who were manifestly "added" by the Lord (v. 47).

Such folk have many interests which bind them together in fellowship, devotion, and service. The early church was interested in sound doctrinal teaching (v. 42), an excellent thing. They had fellowship in prayer (v. 42); we need that too. They had gladness of heart (v. 46); do we not need a renewal of the song of the Lord in our midst?

They had such fervent love for each other that they established a communal system of sharing with one another, something which God had never commanded and which apparently failed with them, for it was later abandoned. But the point is that they really did love each other and thus showed their true discipleship (see lesson of last Sunday).

II. A Center of Christian Ministry (Eph. 4:11).

The church is God's chosen depository for spiritual gifts, among them being the special ministries mentioned here. The Holy Spirit calls men as He chooses. Blessed is the church which recognizes His choice of teachers, evangelists, preachers, and leaders and gives them liberty to serve the Lord in their calling.

It is God who calls men for these various activities in His vineyard. Self-appointed or man-chosen leaders and preachers are destined to fail, but God's men may be assured of His blessing and power.

III. A Place of Spiritual Growth (Eph. 4:12-16).

The purpose of the gifts of the Spirit is the edifying and building up of believers. A church should always be evangelistic in its efforts. The pastor should be a soul-winner, but essentially his ministry is to so edify and instruct believers that they may go out and win others to Christ.

Veres 13 to 16 tell us how this "perfected of the saints" moves forward. There is unity of the faith and a growth in knowledge, a steadiness which keeps believers from being led astray by error or the cleverness of men. Thus kept from drifting, and being steadily enriched in knowledge of the truth, the believer grows up to spiritual manhood.

Do not miss the beauty and helpfulness of verses 15 and 16. Like the body "fitly framed and knit together," the church of Christ is to be a perfectly co-ordinated organism, every member performing its perfect service in building up the body in love for the glory of its Head—Christ.

This figure of the Church as the body of Christ and the working together of the members for the glory of the Head is further developed in I Corinthians 12, which the reader is urged to consider, especially verses 12 to 27.

Watching to See

With the Christian who takes the deep true view of his religion as a guide in all earthly matters, material or spiritual, there is never any feverish, blind-alley skirmishing in the face of threatened ill. He just waits vigilantly, trustfully, upon God, ready to do His will the moment it is made clear to him. "I will watch to see what He will say to me." Watching to see! In those telling words lies the whole secret of the thing that mystifies non-religious folk so completely—the in-violet calm and courage with which real Christians meet the worst adversities that can befall them in the world.

**"NAVY TRADE TRAINING GAVE ME MY START"
SAYS PRESIDENT, SPERRY CORPORATION**

THOMAS A. MORGAN (pictured in insert), president of the Sperry Corporation, world's largest manufacturers of aeronautical and marine instruments, received his early technical training in the U. S. Navy, in which he enlisted as a young man. "This has proved of great value to me in later years," said ex-sailor Morgan. Pictured above are new Navy recruits receiving electrical training at one

of the modernly equipped Navy Trade Schools. The Navy offers training to young men in nearly 50 different trades and vocations.

Opportunities for advancement, to learn skilled trades, for travel and adventure are identical whether a man enlists in the regular Navy or the Naval Reserve—and his pay, food, clothing, medical and dental care are the same.

"Ancient and Modern Neuro-mancy, Alias Mesmerism and Hypnotism, Denounced" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 30.

The Golden Text was, "Thus saith the Lord of hosts, the God of Israel: Let not your prophets and your diviners, that be in the midst of you, deceive you . . . For they prophesy falsely unto you in my name: I have not sent them, saith the Lord" (Jeremiah 23:8, 9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Let no man deceive you with vain words; for because of these things cometh the wrath of God upon the children of disobedience. And have no fellowship with the unfruitful works of darkness, but rather reprove them" (Ephesians 5:6, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Evil thoughts and aims reach no farther and do no more harm than one's belief permits. Evil thoughts, lusts and malicious purposes cannot go forth, like wandering pollen, from one human mind to another, finding unsuspected lodgment, if virtue and truth build a strong defense" (p. 234).

Safety Assured for Tiny Tourists

Tiny tourists sometimes grow restless on long motor trips and their limitless energy and curiosity require double checking to insure that every safety precaution is being taken by their parents. With the entire rear compartment of the family Chevrolet as his personal playground, this youngster assumes a favorite perch that ordinarily would be dangerous. However, a simple adjustment, easily made by Chevrolet mechanics, converted the rear door handle to a safety-action handle, which "free wheels" and does not open the door. After the lock is adjusted to safety position, as indicated in the inset, the lock button is depressed and the inside handle then will not open the door, rendering it "child-proof." Release of the lock button enables the driver to open the door as usual.

MODERATE FEESHow to shop for gifts that go on giving
...year after year

THIS year above all, you say, you want the presents you give to be used—you want them to last... Well, here's the answer... Give electrical gifts. Their worth will increase as months go by.

Now meet an old hand at Christmas giving... he will show you how to shop for long-lived electrical gifts... Santa Claus!

Hello, there! Well, first thing to decide is how much you want to spend for each gift. Make a list of your favorite people—put a rough figure after each name—then come with me. We'll find the right electrical gift to fit each figure—

If you plan to spend up to \$5

Does your friend like to drink good coffee? The vacuum coffee maker you give will go on pouring out good brews for years... and of course, everybody likes an electric clock for his own room, as well as other parts of the house... a pin-up lamp is the handiest thing for lighting up an odd corner...

If you plan to spend up to \$10

Waffle irons last for years... you can get one that makes two waffles at a time, and stay in this price range!... Speaking of irons, the new flat irons are really something! They make ironing so easy... the right gift for any woman on your list who keeps house... or for a girl with a room at college... and don't forget—a handsome table lamp is always a welcome gift.

And for your most important gifts

If you're an "unusual" giver, that wonderful new electric blanket is the gift you've been trying to think of... keeps people warm all night regardless of changing room temperatures, is light as a feather. Costs \$36.23 complete with transformer and adjustable thermostat control switch. It's ideal for bedroom, sleeping porch or college dormitory.

And for a really big Christmas, an electric refrigerator, a washer or an electric sewing machine! I think an investment in the home shows a mighty smart bit of foresight this year.

Hope I've helped you fill out your list. Until Christmas Eve... Good-bye, and Good Shopping!

For more suggestions, stop in at your neighborhood dealer's or Public Service store. Don't put off shopping... do it now while selections are best.

... and Electricity is Cheap!

Items priced at \$5 or more may be purchased on convenient terms.

The editors have heard some unfortunate reverberations from the story on the weekly Friday assembly.

No reflections on either the enter-tainers or the student body were intended. We are proud of our Friday morning programs and wouldn't give them up for the world—and we're sure the student body feels the same way. We enjoy the entertainment very much and are proud to have such talented people among our student body. We're also glad that the students have an appreciation of them, a pride in them, and a sense of humor as well. We say, "Here's to Hans and the students, to Friday assemblies and good fun, and to honest appreciation and a sense of humor!"

Plans for "Sequoia" of 1942 Are Being Made

(By Rose Marie Zellhofer)

The 1942 "Sequoia" published by the Annual club and containing photographs and articles about the school, will be an even finer publication than the ones of previous years, according to Miss Dorothy Lyne, advisor. The cost of the book is \$1.25, a sum which must be paid by Friday, Dec. 5, by each student who wishes to purchase an annual, to Miss Lyne, or to one of the members of the subscription committee: Alice Leng, Alice Ward, or Lois Truax. If subscriptions for 100 annuals are in by Friday, the students may rest assured that the "Sequoia" will be published this year.

Antioch To Play Wauconda Friday

Sequoits Win Over Northbrook by 10-Point Margin

Friday the Antioch Sequoits galloped over the Northbrook team to the mercy score of 32 to 22. Coach C. A. Wolfenbarger employed the first team during the first quarter, later sending in the other team and then sending in the first team again to finish the game. Jim Jones, Art Carpenter, and Sammy Klass each made a successful free throw. Dale Barnstable made two, and Jack Fields scored the high of five for the Antioch team. Northbrook's high of two free throws was made by Hoffman, while Strauss and Klug each made one apiece to help their team along.

Dale Barnstable and Jack Fields were Antioch's highest scorers, Barnstable with ten points and Fields with nine, while Northbrook's high of eight points was made by Klein, with Hoffman second with six.

While Jack Fields and Dale Barnstable proved outstanding both defensively and offensively, the whole team played very well and it was an easy victory for the Sequoits, as the score shows.

Antioch's next game (A Conference event) will be Friday, Dec. 5, with Wauconda at Wauconda. Coach Wolfenbarger makes this statement about the game: "I don't know anything about Wauconda but I think the boys are really beginning to play basketball and I'm confident of another win this time."

Girls' Athletic Ass'n Initiates 33 Members

(By Rosalie Sibley)

The Girls' Athletic Association of the Antioch Township High school held its annual initiation Thursday, Nov. 27 to welcome 33 new members into the club.

Each prospective member had a "big sister" who prescribed for her some duty which she must perform during the day. If she didn't do this, she went through the paddling machine at the end of the day. These duties caused much laughter among the student body. Girls in stream attire wearing housecoats or hair ribbons were seen in the halls and classrooms. Each girl also had to carry a doll six inches long, walk through all doors backwards and bow to all active G. A. A. members.

In the evening there was a pot-luck supper and the new members repeated the G. A. A. pledge in candle light as the old members sang the G. A. A. song.

The committees were as follows: Food—Edna Pedersen, Doris Stang and Rosalie Sibley; Entertainment—Carol Upton and Elmer Nelson; Cleaning—Lucie Sherman, Dorothy Aronson, Ura Nelson, Ella Faye, Alice Harvey, and Kathleen Fields.
